Annual Report

2018-2019

MESSAGE

FROM HIS EXCELLENCY

BISHOP GEORGE RAJENDRAN SDB,

It gives me immense pleasure to know that KKSSS is publishing its annual report for the year 2018-2019.

It is one of the prior duties of any Non-Governmental organisation to become the sign of hope and agent of social change. Our Pope Francis is continuously calling us Christians to become the seeds of joy and to read the signs of time. Here in this era we are called to serve and bring about social transformation. **KKSSS is one of our institutions which strives to transform the lives of the people reading the signs of the time.**

Today the society is facing lots of challenges and serious problems. The individual alone cannot overcome the hardship they meet with; To fulfill the God-given mission here on earth, we depend on each other. Bravely the KKSSS family takes proactive steps to recapture the good shape of the society which is affected by different wounds.

I extend my appreciation and gratitude to Rev.Fr. Saji Elambasseril SDB and the KKSSS team for their committed service and the innovations to light up the lives of the needy. May God shower on them abundant blessings and sound health to complete their given mission until the end. May God bless all of you particularly the partners and the people with whom we work together.

+ George Rajendran SDB

Diocese of Thuckalay.

DIRECTOR'S MESSAGE

KKSSS firmly believes that inclusive development and empowering individuals should be the end-result of all social action. As I scroll through the impact of all services rendered and initiatives taken during the year 2018-2019, I confidently affirm that with God's grace, we have taken bold steps in this direction. Our Annual activity report is a window on the life of KKSSS. It documents the major involvements that marked the year and showcases the saga of its services to the poor and the downtrodden.

CARE AND CURE others is the ministry which sprouted with Jesus and continued to grow over the millennium. KKSSS has been striving to do this ministry in a humble way since 1975, through different services like Palliative care, Educare, Women Emancipation, Tribal Elevation, Restoration for the Mentally and Physically Challenged etc. In all our initiatives and involvement our focus is **to bring for the fruits that will last at individual and societal level.** During the Kerala Floods and Gaja Cyclone, KKSSS played a praise worthy role serving the affected community with cash, relief operations and voluntary services like cleaning-up and electrical and plumbing repairs.

We are able to accomplish our mission successfully because of the constant support and encouragement given by our **Patron His Excellency Mar George Rajendran SDB** and I extend our sincere gratitude for his blessings and guidance. I place on record the great contribution rendered by **Very. Rev. Fr. Jose Muttathupadam,** the president, **Rev.Fr. Vinu D. Joseph,** the Asst. Director and **the Board members.** I thank all our **agencies and benefactors** for extending monetary

support in accomplishing our mission. A big thanks to all our **volunteers and well-wishers** for their constant support in our endeavors. **I also laud the relentless efforts of our office staff and the field staff for giving their best.**

As I conclude this message, I humbly exhort all men and women of good will to join hands with us to reach out to many more fellow beings who are still in need. Come let us experience **the joy of serving and reaching the unreached.**

Wings to Fly

Kala Rani from Palugal was facing acute economic crisis due to the physical disability of her husband. She joined KKSSS Save a Family Plan (SAFP), Which gave her wings to fly successfully into future. Extract from a chat with her

Can you tell us a little about your life before joining KKSSS?

I am a mother of two children. My husband met with an accident and lost his leg that made him disabled. The financial situation of the family took a huge hit without any contribution from his side. I struggled to feed my family with the meager earnings from my tailoring.

What would you describe as the turning point in your life?

I would say that my enrolment in SAFP programme made all the difference. It opened a new door to live a life with dignity that I never thought off. The SAFP gave Rs.30000 for their education. They were also awarded with prizes for their excellence in studies.

Could you explain how the process of transformation took place?

Through the SAFP I started alternative income generation programme that included Hen and Quail rearing and Organic vegetable cultivation. My tailoring unit were upgraded. The various income generation activities and my tailoring unit helped me to, increase my monthly income by Rs.3000. This additional income gave me a tremendous confidence.

What skills would you say that you have achieved?

The leadership skills and my self-confidence; I owe it all to the SAFP's skill development programs. They also helped me gain awareness about the various schemes that the government provided for the welfare of the disabled.

What support have you received from the government?

The panchayat had provided my husband with crutches. Prosthetic legs were provided by the block office and they also supplied me with a tailoring machine. All these assistance were given as the result of the intervention and lobbying of KKSSS. **SAFP of KKSSS is nothing short of a miracle in my life.**
